PROJECTS

Personal Portfolio Website

Designed and developed a responsive portfolio website to showcase projects, achievements, and professional experience. Integrated EmailJS for contact functionality and deployed the website using GitHub and Vercel.

NutriFit – Nutrition & Workout Planner

Developed a nutrition and workout planning web application. Contributed to the Daily Tasks & Consistency Tracking module and frontend UI during a 24-hour hackathon.

Jo's Kitchen – Restaurant Website

Contributed to frontend development and UI design using HTML and CSS in a team-based web project.

ACHIEVEMENTS

- 1st Place – AI-Powered Poster Design Competition (2025)** - Designed and presented an AI-assisted poster on Gender Equality using DALL·E, ChatGPT, and Canva.
- 1st Place (Special Prize Category) – Vedic Vision Hackathon** - Awarded for developing NutriFit, a nutrition and workout planning web application.
- 3rd Academic Topper – 1st Year Computer Science and Design (CSD)**

EXTRACURRICULAR ACTIVITIES

- Prompt Engineering & Generative AI Program** – Currently undergoing training in prompt engineering and generative AI concepts.
- NutriDelight Student Startup Initiative** – Supported startup operations and customer engagement during campus events, serving 400+ customers.
- Designed promotional creatives and digital content for startup and campus initiatives.
